"我在歲月裡改變了模樣 心中的思念還是相同的地方 走過的世界不管多遼闊 心中的思念還是相同的地方"

Dear耀光

Some of us, the appearances have changed; some not a bit. None the less, we are still us in our hearts.

Dear耀光

This another good one. Just look at how happy we were to be with each other, not because of the good food, but because of the people, whom we once shared part of life memory.

Dear 耀光

Thank you very much for your efforts in putting those info and photos together. That was almost our half-life ago... They bring back a lot of memories...

Attached is my family photo to share with all my dear classmates if you making Part 3 of the story of NTUCE 1984...

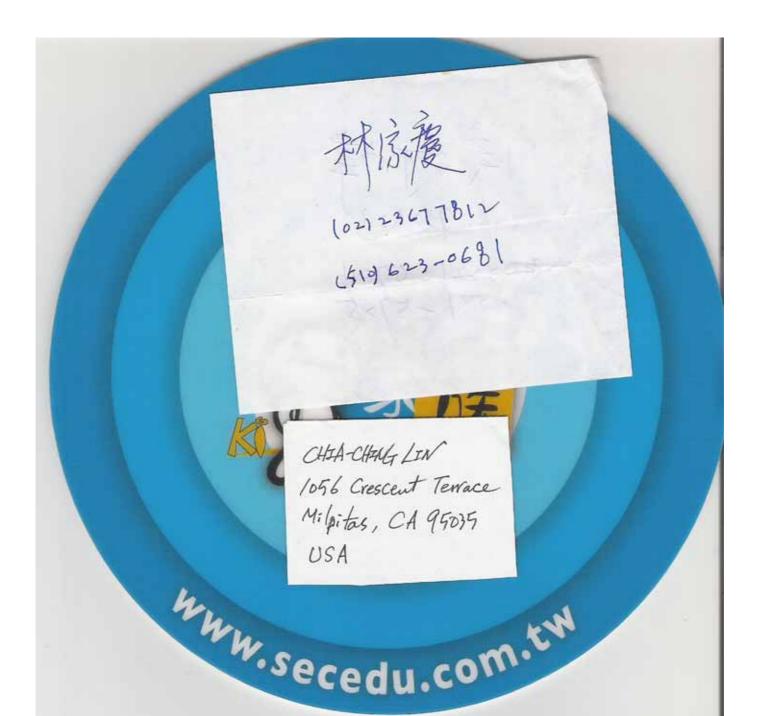

I will scan some "old" pictures tonight and send them to you.

Again, thank you very much.

Best wishes

Jackie Lin, Ph.D., P.E
